Multi-Component Laminates

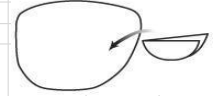

All laminate orders must be accompanied by a frame. Pricing includes lenses for said material. It is strongly advised not to put AR on laminated lenses. The process weakens the glue and will void the glue warranty. All Power and Prism charges apply.

Notes:

Notes on orders:

When calling in an RX, we will do our best to eliminate possible errors. Therefore, we ask for your attention in our reading back of the RX information to verify that it is all correct to avoid errors. If necessary, we will contact you with any questions. Anything beyond our control will be subject to a remake charge.

Notes on customer supplied frames:

Epic is not responsible for frames broken in the normal process of handling specialty jobs. We, like most labs, take great care in the handling of all frames. Due to the extreme nature of the RXs handled by Epic, occasionally frames are broken or cracked trying to accommodate specialty lenses. We urge customers to identify frames that will not hold up to the new RX and look for a better suitable frame.

All prices and policies are subject to change without notice.
